A Class A power unit pulling either a 11'6" or 9'6" grooming drag that does **not** meet the specifications for either A-1 or A-2 drags will be placed at level A-4 for rating purposes.

A Class A power unit **not** pulling a 7'6" grooming drag will be placed in Class B for rating purposes.

A Class B power unit **not** pulling a 5'10" grooming drag will be placed in Class C for rating purposes.

A Class C power unit **not** pulling a 4' grooming drag will be placed in Class D for rating purposes.

A power unit will **not** be placed in a higher class if it pulls a larger grooming drag than specified for the class.

II NON-GROOMING MAINTENANCE LABOR AND EQUIPMENT RATES

A MAINTENANCE LABOR (For other than trail grooming)

A labor rate of \$6.50 per hour maximum is established for all non-grooming labor performed under the maintenance agreement by snowmobile clubs and or other similar organizations with the sponsoring county. Maintenance will generally include mowing and brushing, sign and post replacement, plowing of parking lots and roads, shelter and toilet maintenance and normal repair and replacement of structures and facilities.

The allowable labor rate for county employees and others included in labor contracts will be as specified by contract.

B EQUIPMENT RATES (For other than trail grooming)

The following schedule is based on frequently used pieces of equipment for non-grooming maintenance. The rates are pegged to Department of Transportation rates and will be reviewed each year.

Equipment rates for pieces of equipment not found on this list will be found in the DOT rates. Unless specified otherwise, these rates for equipment are based on hourly use. These rates do **not** include the operator. Where the Department of Transportation issues rates that reflect an adjustment due to fuel rates, these rates shall be the rates utilized for the season.
